

RAM BOARD SAFETY DATA SHEET

Revision Date: N/A | Date of issue: 8.24.2016

SECTION 1 • MATERIAL IDENTIFICATION

Product Identifier

Product Form FSC® certified - recycled/recyclable material
 Product Name Ram Board
 Product Code RB38-100

Intended Use of the Product

Heavy-duty, reusable floor protection. For professional use only.

Name | Address | Telephone | Website

Ram Board Corporate
 27460 Avenue Scott, Valencia, CA 91355
 818.848.0400 P | 818.848.0099 F
 ramboard.com

Emergency Contact

818.848.0400

SECTION 2 • HAZARDOUS INGREDIENTS/IDENTIFICATION

This product contains no hazardous components as defined by osha 29 Cfr 1910.1200*

*However, during sanding and or other physical uses, cellulose dust (fiber) may be generated. This is a nuisance dust and is regulated by osha.

	OSHA PEL	ACGIH TLV	Other Exposure Limits	% (Optional)	CAS #
Cellulose Dust					9004-34-6
Total Dust	15 MG/M ³ TWA	10 MG/M ³ TWA	None		
Respiration Fraction	5MG/M ³		None		

SECTION 3 • PHYSICAL & CHEMICAL CHARACTERISTICS

Boiling Point	N/A	Solubility in Water	Insoluble
Specific Gravity (H ₂)	N/A	Melting Point	N/A
Vapor Pressure (mm Hg)	N/A	Reactivity in Water	Non-Reactive
Vapor Density (Air=1)	N/A	Appearance and Odor	Brown fiberboard. Virtually no odor

SECTION 4 • FIRE & EXPLOSIVE DATA

Flash Point	662°F (350°C)
Flammable Limit in Air by Volume	
LEL	N/A
UEL	N/A
Auto-Ignition	842°F (450°C)
Extinguisher Media	Water, Dry Chemicals, Foam
Special Fire Fighting Procedures	Firefighters should wear full protective clothing and niosh approved selfcontained breathing apparatus.
Unusual Fire and Explosion Hazard	In the presence of an ignition source, high concentrations of paper dust dispersed in air can be a potential dust explosion hazard.

SECTION 5 • REACTIVE DATA

Stability

Stable under normal conditions of use and storage

Hazardous decomposition products

Thermal decomposition may produce carbon monoxide and carbon dioxide

Incompatibility (Materials to Avoid)

Strong acids and Oxidizers

Hazardous polymerization

Will not occur

SECTION 6 • ACCIDENTAL RELEASE MEASURES

Acute

No acute health effects expected during normal handling and use of ram board. Exposure to paper dust or cellulose is not expected to result in acute effects. Gases generated from burning may cause skin and eye irritation.

Chronic

No chronic health effects expected from normal handling and use of ram board. Paper dust or cellulose is considered to be a "nuisance" dust, which seems to have little adverse effect when exposures are kept under reasonable control. (See section 2 for permissible exposure limits for cellulose).

Signs and symptoms of exposure

None

Medical conditions generally aggravated by exposure

None known or expected

Chemicals listed as carcinogen or potential carcinogen

National Toxicity Program	No
I.A.R.C. Monographs	No
OSHA	No

Emergency and first aid procedures

Inhalation	Presents no inhalation hazard in normal industrial use.
Eyes	Presents no eye contact hazard in normal industrial use. For paper dust in contact with eyes, treat as foreign body and rinse eyes with water for a minimum of 15 minutes.
Skin	Presents no skin hazard in normal industrial use. If irritation occurs, wash with mild soap and water
Ingestions	Presents no ingestion hazard in normal industrial use.

SECTION 7 • SPECIAL PRECAUTIONS AND SPILL/LEAK PROCEDURES

Precautions to be taken in handling and storage

Store in dry area away from heat, open flames, and other ignition sources. Keep separate from flammable chemicals, acids, or strong oxidizers.

Other precautions

None

Steps to be taken in case material is released or spilled

Not applicable in normal industrial use. Debris, if any, should be picked up and placed in a waste disposal container.

Waste disposal method

Recycle with other paper products if possible. Dispose of waste as normal refuse or incinerate as permitted by local solid waste regulations.

SECTION 8 • SPECIAL PROTECTION INFORMATION/CONTROL MEASURES

Respiratory protection (Specific type)

Not normally required. For sanding or other physical uses that generate dust, use respirator approved by NIOSH for nuisance dusts.

Ventilation

Not normally needed

Local exhaust

For sanding or grinding

Mechanical (General)

None

Special (Other)

None

Protective gloves

None

Eye protection

Use safety goggles for sanding or other physical uses that might generate airborne particles.

Other protective clothing or equipment

None

Work hygienic practices

No special hygienic practices are required to handle and use Ram Board.
